SPECIAL WEEK FOR ARMY RECRUITING

Regular Establishment is in Need of At Least 70,000 Men.

WASHINGTON, June 21.—President Wilson issued a proclamation late yesterday designating the week of 23-30 as recruiting week for the regular army and called upon unmarried men without dependents to enroll for war service in order that the ranks of the regulars might be filled promptly. The proclamation follows:

"Proclamation by the President: 'I hereby designate the period of June 23 to June 30, next, as Recruiting week for the regular army and call upon unmarried men between the ages of 18 to 40 years, who have no dependents and who are not engaged in pursuits vital to the prosecution of the war, to present themselves for enlistment during the week herein designated, to the number of 70,000.'

(Signed)
"WOODROW WILSON."
The President's action was taken at the request of army officials who have been seriously concerned over the slow rate of recruiting for the regular army despite the fact that the war departments' recruiting agencies cover every section of the country and that men are asked to serve only for the period of the war. It had been hoped that the regular service could be brought to its whole strength of approximately 300,000 men by June 30, which would have permitted the war department to carry out its plans in regard to the training of all the forces to be raised and also as the dispatch of armies to France.

For several days, however, the average enrollment for the army per day has been little more than 1,000 men instead of 5,000 or more the department hoped to secure.

The prisoner, stating that he was confused when questioned after his arrest, and concocted the story of an attack on the girl by three strangers, declared that Miss Cook was drowned after she had capsize the boat herself by attempting to turn around in it while standing up. He said he supported the girl while both were in the water but that her coat became entangled about her feet and caused her to sink despite his efforts.

\$50,000 Owners' Contest to Follow Maxwell's Economy Triumph of May 23rd

Hundreds of Maxwells on May 23rd made good our claim that a Maxwell will go farther on a gallon of gasoline than any other 5-passenger car—now, from June 16th to 30th, we expect 40,000 Maxwells to make as good or better showing than was made on historic May 23rd

We told you to watch the Maxwells with the one-gallon red gas tanks attached to the windshields.

We told you they were going to make history on May 23rd.

That was Maxwell Gasoline Economy Contest day all over the United States and Canada.

And those Maxwells did make history.

Achieved a triumph we defy the world to beat.

Fifty Maxwell cars went a total of 1,983.6 miles on a total of 50 gallons of gasoline.

The average gallon mileage of those cars was 39.67

Two cars owned by local people averaged 32.2 miles per gallon of gasoline on these West Virginia hills when weather and road conditions were far from good.

And these weren't specially built cars.

They were privately owned Maxwells.

—in actual daily use by the men who bought them.

892 Maxwell Cars Prove What Maxwell Economy Is

Those 892 cars covered 24,505.3 miles in the aggregate on one gallon of gasoline each.

They averaged 27.47 miles each per gallon of gasoline. More wonderful records are being received daily.

We could rest our laurels on this great triumph—but we don't intend to do that.

Nobody else can beat it—so we're going to beat it ourselves.

50,000 In U. S. Liberty Bonds To Be Given Away Next Time

Inspired by the splendid success of the Maxwell dealer's economy contest of May 23rd—we're offering now \$25,000 in U. S. Liberty Bonds as prizes to the 500 Maxwell owners who make the best mileage on one gallon of gasoline. Every Maxwell owner has an even chance to win a bond.

June 16th to June 30th are the opening and closing dates of his second great Maxwell economy contest.

The other half of the \$50,000 Liberty Bonds is to go to dealers for helping us with this stupendous undertaking.

We Are Giving \$75.00 In Special Prizes

In addition to the Liberty Loan bond contest which is a national affair, we will give two prizes to Marion county owners exclusively.

The first prize will be a certificate which will be accepted as fifty dollars on the purchase price of a new Maxwell.

The second prize will be a certificate which will be accepted as twenty-five dollars on the purchase price of a new Maxwell.

Ten entrants, one of them a lady are in the contest which will be a spirited one. First runs are being made today.

Only nine days left in which to enter this contest. You can make your run any time before June 30. Ask for a Blank and fill it out today
